

Are you suddenly faced with supporting remote workers?

The PRINTUITIVE “**ALL IN**” HOME OFFICE PACKAGE is a convenient home office printing package fully supported by LDI’s MANAGED PRINT SERVICES.

We’ll deliver a multi-function printer to your employee’s home and help them set it up remotely. With our “**ALL IN**” program you won’t ever have to pay for toner.

An INKJET printer on a desk does not make a home office.

Your staff needs the same levels of support and service they would get in the office.

What’s included in LDI’s PRINTUITIVE **ALL IN** Home Office Package?

MULTI-FUNCTION PRINTER*

- Color or Black & White
- Copy, Print, Scan, Fax
- Wireless and USB Connectivity
